

**Orders and contracts with Polska Telefonia Cyfrowa Sp. z o.o. whose aggregate value qualifies them as a significant contract**

Interim Report 32/2010 dated 27 December 2010

The Management Board of Infovide-Matrix S.A. hereby announces that, as of 27 December 2010, the total value of the orders and contracts entered into with Polska Telefonia Cyfrowa Sp. z o.o. (hereinafter: PTC) for the last 12 months amounted to PLN 23,399,406.57.

In that period, the order of the highest value (out of the orders and contracts entered into with Polska Telefonia Cyfrowa Sp. z o.o.) was Addendum no. 6 of 22 December 2011 to the Tibco Product Sublicense Agreement of 01 March 2002 (hereinafter referred to as the Agreement). The Addendum refers to the grant of a Tibco software licence for the period ending 28 February 2013, together with support services, and is worth EUR 1,275,850.00, which is equivalent to PLN 5,091,590.22.

The Agreement of 01 March 2002 (amended by addendums signed on: 01 November 2003, 31 May 2004, 28 February 2005, 28 February 2007, 17 December 2008, and 22 December 2010) was made in order to specify the terms and conditions of granting Tibco product sublicenses to PTC.

The Agreement was made for an indefinite effective term, with either party's right to terminate at 3 (three) months' notice.

The terms of the Agreement do not differ from those commonly used in contracts of this type. The Agreement is not contingent upon any condition or time limit.

The criterion selected for joint recognition of orders and contracts with PTC as a significant contract is the fact that their aggregate value exceeds 10% of Infovide-Matrix S.A.'s equity.
