REPORT OF THE INDEPENDENT AUDITOR ON THE PERFORMANCE OF SERVICE THAT PROVIDES REASONABLE ASSURANCE REGARDING THE EVALUATION OF THE REMUNERATION REPORT

For the General Meeting and the Supervisory Board of Asseco Poland S.A.

We have been engaged to evaluate the Report on Remuneration of Members of the Management Board and Supervisory Board of Asseco Poland S.A. (hereinafter “the Company”) with its seat in Rzeszów, 14 Olchowa Street, for the year 2023 (hereinafter “the Remuneration Report”) with respect to the completeness of the information included therein as required by Article 90g Item 1- 5 and 8 of the Act of July 29, 2005 on Public Offering, Conditions Governing the Introduction of Financial Instruments to Organized Trading, and Public Companies (Journal of Laws of 2022, item 2554, as amended) (hereinafter “the Public Offering Act”).

Identification of criteria and description of the object of the service

The Remuneration Report has been prepared by the Supervisory Board in order to meet the requirements of Article 90g Item 1 of the Public Offering Act. The applicable requirements for the Remuneration Report are contained in the Public Offering Act.

The requirements described in the preceding sentence set forth the basis for the Remuneration Report and are, in our opinion, appropriate criteria for our conclusion to provide reasonable assurance.

As required by Article 90g Item 10 of the Public Offering Act, the Remuneration Report shall be reviewed by the auditor with respect to the inclusion therein of the information required under Article 90g Item 1 - 5 and 8 of the Public Offering Act. This report fulfills that requirement.

By the auditor's assessment referred to in the preceding sentence and forming the basis for our conclusion to provide reasonable assurance we mean an assessment of whether, in all material respects, the scope of the information presented in the Remuneration Report is complete and the information has been disclosed with the level of detail required by the Public Offering Act.

Responsibility of the Supervisory Board Members

Pursuant to the Public Offering Act, the Members of the Company's Supervisory Board are responsible for preparing the Remuneration Report in accordance with applicable laws, and in particular for the completeness of the report and the information contained therein.

The Supervisory Board's responsibility also includes designing, implementing and maintaining a system of internal control to ensure the preparation of a complete Remuneration Report that is free from material misstatement due to fraud or error.

Auditor's Responsibility

Our objective was to evaluate the completeness of the information provided in the accompanying Remuneration Report against the criterion set forth in the *Identification of Criteria and Description of Service Objectives* section and to express, based on the evidence obtained, an independent conclusion of the attestation service performed that provides reasonable assurance.

We have performed the service in accordance with the regulations of the National Standard on Assurance Engagements Other than Audits and Reviews 3000 (Z) in the wording of the International Standard on Assurance Engagements 3000 (Revised) - "*Assurance Engagements Other than Audits or Reviews of Historical Financial Information*", adopted by Resolution No. 3436/52e/2019 of the National Council of Certified Public Accountants dated April 8, 2019, as amended (hereinafter "KSUA 3000 (Z)").

This standard requires the auditor to plan and perform procedures to obtain reasonable assurance that the Remuneration Report has been prepared completely in accordance with specified criteria.

Reasonable assurance is a high level of confidence, but does not guarantee that a service performed in accordance with KSUA 3000 (Z) will always detect an existing material misstatement.

The selection of procedures depends on the auditor's judgment, including its assessment of the risk of material misstatement due to fraud or error. In making an estimate of this risk, the auditor considers internal control relevant to the preparation of a complete report in order to plan appropriate procedures to provide the auditor with sufficient and appropriate evidence for the circumstances. The evaluation of the operation of the internal control system was not conducted to express a conclusion on the effectiveness of its operation.

Summary of work performed and limitations of our procedures

The procedures we planned and carried out specifically included:

- reviewing the contents of the Remuneration Report and comparing the information contained therein to the applicable requirements;
- familiarizing with the resolutions of the General Meeting of Shareholders of the Company concerning the remuneration policy for the Management Board and the Supervisory Board members and with the resolutions of the Supervisory Board detailing them;
- determining, by comparison with corporate documents, the list of individuals for whom information is required to be disclosed in the Remuneration Report and determining, by inquiries with the persons responsible for preparing the Remuneration Report and, where we considered it appropriate, also directly with the persons who are subject to the disclosure requirement, whether all the information provided for in the criteria for preparing the Remuneration Report has been disclosed.

Our procedures were solely to obtain evidence that the information included by the Supervisory Board in the Remuneration Report for completeness complies with applicable requirements. The purpose of our work was not to assess the sufficiency of the information included in the Remuneration Report for the purpose of preparing the Remuneration Report, nor to assess the correctness and reliability of the information contained therein, in particular as regards the amounts disclosed, including estimates made for previous years, figures, dates, allocation methods, compliance with the remuneration policy adopted by the General Meeting.

The Remuneration Report was not audited in accordance with National Auditing Standards. In the course of the attestation procedures performed, we did not audit or review the information used to prepare the Remuneration report and, accordingly, we do not accept responsibility for issuing or updating any reports or opinions on the Company's historical financial information.

The IESBA Code is based on the fundamental principles of integrity, objectivity, professional competence and due diligence, confidentiality and professional conduct. We have also complied with the other independence and ethics requirements that apply to this assurance service in Poland.
